Authorization to Teach English Learners: The coursework completed as part of the SB 2042 Preliminary or the Ryan Preliminary with CLAD/BCLAD emphasis or AB 1059 English Learner coursework is what authorizes the teaching of English Learners.

Ryan Candidates that did NOT complete a CLAD/BCLAD or AB 1059 program, must take the CLAD/BCLAD coursework (12 units) or examination (offered in June & December annually) to be authorized to teach English learners.

AB 1059 (Ducheny) Advanced Coursework requirement to earn the Professional Clear Credential:
An Induction Program or advanced study course work on Teaching English Learners satisfies the AB 1059 (Ducheny) requirement for advanced coursework on teaching English Learners prior to receiving the Professional Clear Credential. A candidate admitted to the Ryan Preliminary Credential program prior to 7/1/02 was not required to complete the AB 1059 Teacher Preparation work related to teaching English learners (SB 2042 Teacher Preparation Standards, Standard 13). Completing Induction will satisfy the Ducheny requirement for advanced coursework in teaching English Learners, but will not authorize a teacher to teach English Learners.
